Re: Final Approval  
Crystal Mine  
ACT/045/010  
Tooele County, Utah

Gentlemen:

The Board of Oil, Gas and Mining, at their January 11, 1980 Executive Meeting, issued tentative approval to the above named operation. Subsequently, a condensed version of the Mining and Reclamation Plan, and the tentative approval were published to solicit public comment for the required 30 day comment period. During this period no adverse comments were received.

Therefore, because all the requirements under the Utah Mined Land Reclamation Act have been fulfilled for this operation including the posting of the required reclamation surety in the amount of \$17,000, the Division hereby issues Final Approval to McFarland and Hullinger for the Crystal Mine.

Please be reminded of Section 40-8-15 of the Utah Mined Land Reclamation Act which requires that the Division be notified within 30 days of commencement of operations. Section 40-8-15 also requires that an annual Operations and Progress Report be filed with the Division at the end of each calendar year for each active mining operation.

Should you have any questions regarding this Final Approval, please contact the Division.

Sincerely,

RONALD W. DANIELS  
COORDINATOR OF MINED  
LAND DEVELOPMENT
